

24 September 2021

Dear Student

Covid-19 Update

As we are entering the flu season and cases locally are rising, I wanted to send a reminder of the actions to take if you develop symptoms (current NHS guidance on symptoms can be found [here.](#)) of Covid-19.

If you become unwell with Covid-19 symptoms **please do not attend college**, arrange for a PCR test and inform your Tutor via Microsoft Teams. If a positive PCR test result is received, please follow the isolation requirements of your notification from NHS Test & Trace and inform your Tutor of the result.

If you become unwell with Covid-19 symptoms whilst in college, please speak to your tutor immediately.

We are actively encouraging you to test twice weekly using the lateral flow tests available from The Learner Zone, Level 1. If you are unable to test at home, please let us know and we will arrange for a lateral flow test in college. If your lateral flow test is positive, you must arrange for a PCR test and isolate until you receive your results and then follow the instructions given by NHS Test & Trace.

Please report your bi-weekly lateral flow test results [here](#) or by scanning the QR code below.

If you or your parents have any questions, please do not hesitate to contact me via [email](#).

Best wishes

Pam Griffiths
Head of Estates & Facilities
