

Abigail Lunt

FdSc Sports and Exercise Therapies 19 from Skelmersdale

“ I have been involved with sport since high school so it was only natural for me to come to College to study it further.

I have worked my way through the sports courses here at West Lancashire College and have enjoyed every minute of it.

The tutors at West Lancashire College have been really supportive. All the staff are welcoming and friendly.

The campus is fantastic. The facilities here are great which has really prepared me for work. The clinics are of a high standard and I have been able to work on professional sports teams and also on athletes at the Wigan 10K through Joining Jack Charity which has given me a greater insight into the real world of work.

A Foundation Degree is helping me get to where I want to be. I'm doing exactly what I would be doing in the industry whilst learning at the same time; I can't recommend it enough. ”
