“

I returned to education as a mature student. It was a worry to begin with as I didn't know if I had the skills needed but the tutors here at College soon put my mind at rest.

I have really enjoyed my time completing my Foundation Degree. I have got involved with so many different activities that I wouldn't normally have the chance to take part in.

The contacts and experience I have gained on the course has led me work with professional sports teams such as the Wales International Basketball team.

To get where you want to be I would definitely recommend a Foundation degree at West Lancashire College. ”
